Hepatitis B Vaccine Consent Form

Copiah-Lincoln Community College seeks to provide protection of students and instructors in all situations. The Hepatitis B policy was adopted to help ensure the safety of all involved in health occupations.

NAME: _____

Hepatitis B is a viral illness that can cause serious illness and liver disease. The virus causing Hepatitis B is present in many people who are not aware of it. Those working in hospitals and other health care facilities frequently come into contact with blood products that can pass on the Hepatitis B virus to us. In an attempt to secure the well-being of our students and to avoid the spread of this disease, the school is recommending the Hepatitis B recombinant vaccine. Since the disease does cause a significant amount of severe illness, cirrhosis, potential liver cancer, and occasionally even death, Co-Lin recommends that you take the vaccine.

The vaccine is made by recombinant gene technology and there is no risk of acquiring AIDS or any other infection from taking the vaccine. Minor reactions such as soreness at the injection site can occur, but serious reactions are rare (less than 1 in 10,000 injections). Those who know they are allergic to yeast, who have a hypersensitivity reaction to a previous Hepatitis B vaccination, should not take the vaccine. If you are now pregnant or have an active infection, you should delay vaccination unless an exposure occurs. If an exposure occurs, a decision will be made on an individual basis.

Below are two options that you are offered with respect to the Hepatitis B vaccine. You may elect not to take the vaccine; you may elect to take the vaccine as an intramuscular injection.

Please select Option A or B below.

- A. I do not wish to take any vaccine to prevent me from getting Hepatitis B. I realize that Hepatitis B is a very serious illness causing severe liver damage and potential death. I also realize that the disease, if I get it, can potentially be passed on to my family and any unborn children. I understand that the vaccine has a very low risk of any kind of reaction and that the vaccine will not expose me to any risk of AIDS because it is not made from other human serum.

- B. Intramuscular Injection: I wish to receive the vaccine through intramuscular injection to reduce the likelihood of acquiring Hepatitis B. The injection is given in 1cc doses intramuscularly on three separate occasions. I realize that I must get all three injections before I am considered immune. I also realize that it is possible to take all three injections and still not be immune. I understand that a blood test to tell if I have immunity is not routinely given or recommended after intramuscular vaccine, but I may obtain an immunity test through my own physician or resources. I agree to take the first injection and submit proof of this on the first day of class. I agree to pay all costs associated with the vaccine.

NONCRIMINAL JUSTICE APPLICANT'S PRIVACY RIGHTS

As an applicant who is the subject of a national fingerprint-based criminal history record check for a noncriminal justice purpose (such as an application for a job or license, an immigration or naturalization matter, security clearance, or adoption), you have certain rights which are discussed below.

- You must be provided written notification¹ that your fingerprints will be used to check the criminal history records of the FBI.
- If you have a criminal history record, the officials making a determination of your suitability for the job, license, or other benefit must provide you the opportunity to complete or challenge the accuracy of the information in the record.
- The officials must advise you that the procedures for obtaining a change, correction, or updating of your criminal history record are set forth at Title 28, Code of Federal Regulations CCFR), Section 16.34.
- If you have a criminal history record, you should be afforded a reasonable amount of time to correct or complete the record (or decline to do so) before the officials deny you the job, license, or other benefit based on information in the criminal history record.²

You have the right to expect that officials receiving the results of the criminal history record check will use it only for authorized purposes and will not retain or disseminate it in violation of federal statute, regulation or executive order, or rule, procedure or standard established by the National Crime Prevention and Privacy Compact Council.³

The Mississippi State Department of Health will provide you with a copy of your Mississippi and FBI criminal history record for review and possible challenge. Should you lose or misplace the provided record, you may obtain a copy from MSDH by submitting a request for the duplicate record which includes appropriate identifying information and a \$15 money order.

If you decide to challenge the accuracy or completeness of your FBI criminal history record, you should send your challenge to the agency that contributed the questioned information to the FBI. Alternatively, you may send your challenge directly to the FBI. The FBI will then forward your challenge to the agency that contributed the questioned information and request the agency to verify or correct the challenged entry. Upon receipt of an official communication from that agency, the FBI will make any necessary changes/corrections to your record in accordance with the information supplied by that agency. (See 28 CFR 16.30 through 16.34.)

Your signature on the fingerprint card and/or this document indicates that you have been informed of your privacy rights and understand that your fingerprints are being run through the criminal history records of the FBI.
